

Please return to your child's teacher the first day of school!

Transportation Information
St. Mary School 2010-11

Last Name of Student	First	Grade
----------------------	-------	-------

Please check your child's primary method of transportation for the school year. List any and all other adults who may at times transport your child with your permission. St. Mary School requires the car picking up a student to display a school ID tag which may be obtained from the office. It should be hung from your rear view mirror whenever a student is being picked up by car. St. Mary's also requires a note or a telephone call to the school, informing us of any change in transportation for your child whenever the primary driver will not be picking up your child. This is for your child's safety.

For bus riders- the Vermilion School District must receive a Request form available in the office or the bus garage. (204-1700 #141)

_____	Bus Rider	Number of bus going home _____
_____	Car Rider	_____
	Name of driver	Relationship to child
